## **Governor Brown Requests Presidential Major Disaster Declaration, Offers Additional South Napa Earthquake Recovery Assistance**

Moving to help communities recover from the South Napa Earthquake, Governor Edmund G. Brown Jr. today requested a Presidential Major Disaster Declaration for the state and issued an Executive Order to help cut red tape and provide additional financial assistance.

A Presidential Major Disaster Declaration triggers the release of Federal funds to help communities recover and the Executive Order provides additional financial assistance to local agencies and non-profit organizations and ensures residents can replace important documents and access key services without shouldering additional costs or other burdens.

## **Magnitude 6.0 Earthquake, American Canyon, Napa County**

### **SITUATION:**

On Sunday, August 24, 2014, at 0320 Hours PST, a magnitude 6.0 earthquake struck five miles northwest of American Canyon, CA. The earthquake nucleated at a depth of 10.8km. The shaking intensity in American Canyon and Napa from the “South Napa Earthquake” was a “VII” on the Modified Mercalli Scale, suggesting very strong shaking occurred in the Napa County area. Ground shaking was felt as far south as Salinas, east to Sacramento, and north to Ukiah. The Cal OES Earthquake and Tsunami Duty Officer is in contact with the United States Geological Survey and California Geological Survey and will provide updates.

### **South Napa Earthquake Recovery VIP Tour**

- A tour of South Napa will be held today, 9/3/14, and is hosted by the City and County of Napa.

### **Access and Functional Needs**

- Solano County established a casework hotline at 707-438-7059 from 1000 – 1700 hours.
- Napa County established a casework hotline at (707-257-2900) from 1000 – 1700 hours.

### **Tribal Affairs**

- Per the Cal OES Tribal Liaison, no damages have been reported for: Cloverdale Rancheria in Cloverdale, Stewarts Point Rancheria in Santa Rosa, and Lytton Rancheria in Santa Rosa.
- Building inspections are being completed at Graton Rancheria in Rohnert Park. No update available.
- The Tribal Office is still trying to make contact with Dry Creek Rancheria in Geyerville and Middletown Rancheria.

### **Damages**

CA State Parks Office of Historic Preservation reports that inspections will occur next week for the Sonoma State Historic Park sites: Vallejo Home, Jack London, Petaluma Adobe and Benicia Capitol.

# **SITUATION SUMMARY**

# **SITUATION SUMMARY**

## **Magnitude 6.0 Earthquake, American Canyon, Napa County Cont.**

### **Damages Cont.**

#### **Napa Airport**

- The earthquake blew out most of the windows in the Napa air traffic control tower and the facility is unusable. It could take several weeks to get new windows manufactured and installed.
- No obvious damage to the structure.
- A temporary tower was installed until the permanent tower is repaired. The controllers will use temporary towers (small cabs on the top of trailers) until fully restored in a couple of months.

#### **Mobile Home Parks**

Per Housing and Community Development (HCD), there have been 160 damaged mobile homes, 5 destroyed and 25 are uninhabitable out of the 22 under their jurisdiction. The following mobile home parks have been most affected:

- Newell Mobile City – Damaged: 28, Uninhabited: 11
- Napa Valley Mobile Home Park – Damaged: 27, Uninhabitable: 9, Destroyed: 4
- La Siesta Village Mobile Home Park – Damaged: 29
- Salvador Mobile Estate – Damaged: 60, Uninhabitable: 2, Destroyed: 1
- Integrated Care Teams from American Red Cross (ARC) have been assessing the mobile home parks twice a day since 8/25/14. They are going door to door providing: Spiritual care, disaster mental health, disaster health, bulk distribution items, and access and functional needs assessments.
- Salvation Army is onsite providing food and water.
- Some are living in red tagged homes and may not have running water and gas due to homes shifting off the foundations.
- [The Housing and Community Development \(HCD\) and Cal OES Safety Assessment Program \(SAP\) inspectors continue to inspect mobile home parks. Vallejo reports 3 additional mobile homes with damage \(9/2/14\).](#)

### **Department of Transportation**

Caltrans will be assisting Napa City Public Works

### **Health and Medical Cont.**

CDPH Women, Infants and Children (WIC) are tracking site status for Napa and Solano County. Some sites have been impacted by the earthquake:

- Solano, (1) site has been affected: Solano County Health and Human Services Department in Vallejo; actual office will reopen 9/8/14. A temporary WIC station in the lobby has been set up.
  - Napa, (4) sites have been affected: Primary site in downtown Napa at Napa County Health and Service Agency closed 8/25-26/14 and reopened 8/27/14. First Presbyterian Church, Saint Helena; will reopen 9/8/14, which is the next regular day for services. Calistoga Community Center; closed, pending safety report, will reopen 9/8/14, which is the next regular day for services American Canyon; will reopen 9/8/14, which is next regular day for services.
  - The CDPH Women, Infants and Children (WIC) Program continue to track WIC site status for Napa and Solano Counties.
- Department of State Hospitals: Staff relocations to safe structures continue. Structural engineers continue to evaluate identified yellow and red tag structures. Aside from diligent monitoring, hospital life/safety/health issues and patient treatment areas are back to standard operations.
  - The Department of Child Support Services: Napa County Child Support Agency is again providing services to child support customers. Napa County Public Health (NCPH) will be submitting a formal request to the Napa MHOAC today regarding a request for assistance from the DEODC Emergency Preparedness Team. NCPH is requesting a community assessment of emergency preparedness, mental health issues, chronic disease exacerbation, and injuries following the earthquake. The assessment is planned for the week of 9/15/14.
  - The CDPH and EMSA Duty Officer programs continue to monitor and update the impact of the incident.
  - CDPH Division of Licensing and Certification (L&C) continues to monitor the situation and provide updates on the status of affected licensed facilities.
  - CDPH Division of Environmental and Occupational Disease Control (DEODC) Emergency Preparedness (EP) will be assisting Napa County Public Health with an assessment planned for the week of 9/15/14 regarding epidemiological assessment of injuries, chronic disease exacerbation, mental health needs, and personal preparedness related to the earthquake.
  - The CDPH Center for Health Statistics and Informatics (CHSI), Vital Records Registration Branch (VRRB) has been in contact with the Napa County Recorder's office and has not received requests for assistance but is monitoring the situation.

# SITUATION SUMMARY

## Magnitude 6.0 Earthquake, American Canyon, Napa County Cont.

### **Power and Utilities**

Per CUEA:

- All communications functioning in normal range, AT&T has a COLT (cell on light truck) and mobile charging trailer on site in downtown Napa.
- PG&E has a strike teams deployed to provide welfare checks to community for isolated power outages for Napa and damaged areas.

### **Water**

- There is still a boil water order for any area with a loss of pressure.
- [Water stations are located at staying open through most of the week, notice will be provided prior to closing these facilities:](#)
  - Las Flores Center on Linda Vista Avenue and Pearl Street (1 block west of Main
- St. Helena Hospital (System No. 2800625): St. Helena Hospital (SHH) reported no total coliform and E. coli. A precautionary boil water notice for 5 residences in the SHH public water system was issued due to a water main leak from a recent aftershock on 9/1 which required depressurization for repairs. This does NOT impact hospital facilities. The residences affected are 37, 39, 42, 44, and 46 Hillcrest Rd. [This leak has been repaired and pressure restored, but bacteriological testing began yesterday, 9/2/14 due to laboratory availability.](#) The turbidity of sources was investigated on 8/29/14 and found to be minimal. The main cause of turbidity problems is associated with their storage tanks. [Tank cleaners are coming today to address this issue. New damage \(9/1\) to waterline will need to replace 1,000 feet of pipe. Will need temporary storage tank during replacement.](#)
- City of Napa (System No. 2810003): [The City of Napa repaired 8 small leaks on 9/2/14.](#)
- It was strongly recommended that those parts of the distribution system where significant damage has occurred because of the earthquake be fully replaced in order to ensure a reliable water system going forward.
- Particularly important in at least two areas: (1) the reservoir "B" tank and (2) distribution system pipelines in locations where multiple breaks have occurred.

The infrastructure above was installed from the 1930s to the 1960s. The impact of the earthquake on the aging infrastructure will likely result in ongoing distribution failures that may compromise the safety and integrity of the water system in the future if left with interim fixes.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:**

#### **Eureka Weather:**

Dry conditions will persist through this weekend; winds will continue offshore through early next week. Areas of smoke from the Happy Camp fire will continue moving toward the coast as the offshore flow persists. Temperatures will increase the next few days.

#### **San Francisco Weather:**

Dry weather conditions will prevail through early next week along with temperatures typical for early September.

### **CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY**

#### **Sacramento Weather:**

Dry weather continuing into next week with near to a little above normal temperatures.

#### **Hanford Weather:**

A prevailing westerly wind will allow for little change in temperatures under clear skies for the remainder of this week.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **SOUTHERN CALIFORNIA:**

#### **Los Angeles Weather:**

A weak trough of low pressure over the West Coast will maintain cooler temperatures through Thursday. Upper ridging will then bring a few degrees of warming Friday into the weekend. Another trough will approach late Sunday into Monday with cooler temperatures expected again early next week. Overnight low clouds and fog will continue for the coast and valleys into next week.

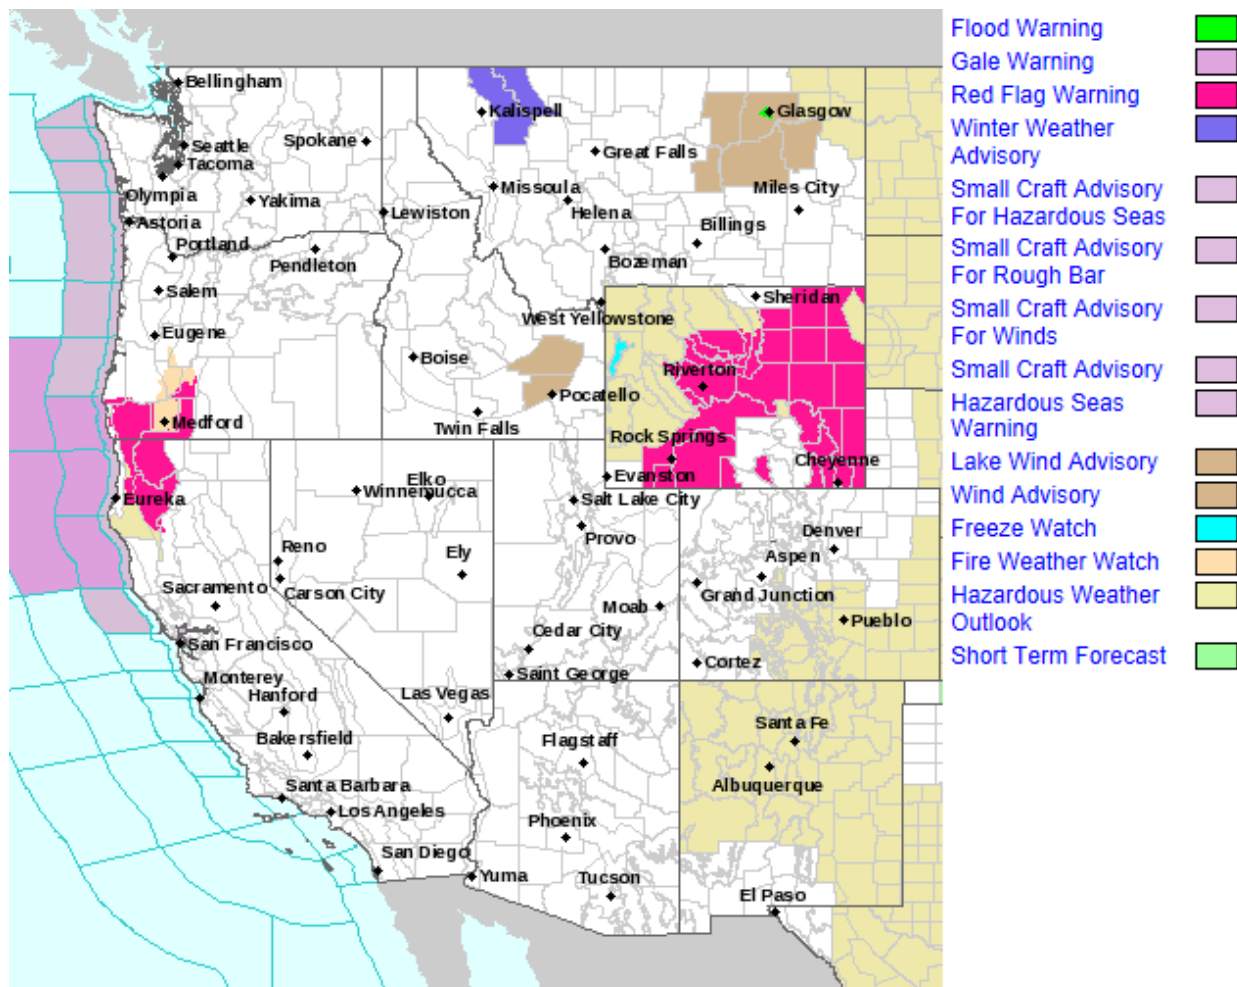

#### **Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:**

Trough of low pressure will dig along the West Coast bringing a deeper marine layer and minor cooling trend to Southern California as well as some locally gusty west winds in the mountains and deserts through Thursday. High pressure will expand back for Friday and the weekend bringing more warm weather to the Southland as well as a shallower marine layer. Some subtropical moisture may try to sneak by Sunday with a slight chance of showers and thunderstorms possible over the mountains. However, another trough will develop along the West Coast for the first part of the work week shunting any moisture to our east and slightly cooler conditions.

#### **Southeast California Weather:**

A dry southwest flow aloft will persist through the rest of the week while temperatures remain above normal. Moisture will increase Saturday through Monday as a tropical system slides north along the Baja California coast. Thunderstorm chances will increase for locations generally along and east of the Colorado River.
